NOV - Open
DEC - Close-up - NATURE

Jerry's Ramblings ... Thoughts from the Club President

It is one of the most productive times of the year (photographically) for me. So many subjects to choose from: butterflies at Krohn (and in the wild), flowers at Ault Park, migrating birds, osprey babies and animal youngsters at the zoo. Not to mention graduations, sporting events and family picnics that we all may be a part of.

My nice is going into a fine arts program for college. Last week she was showing me some of her photographs. Everything was taken on an angle. It gave me vertigo. I know that there are fairs throughout Cincinnati this summer. Take the opportunity to see what others are doing, and see if there is something you can learn from them.

I have learned very much from all of you. Getting a chance to discuss your images with you helps me understand more about what you saw that compelled you to click the shutter. It helps me understand why I want to click the shutter ... and sometimes why I don't. Thanks for helping me on my journey!

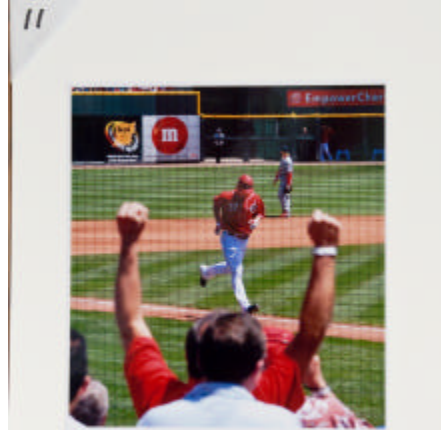

Get out and shoot! It's a great time of year.

Jerry Fritsch
