#### **Special Thanks**

I want to give special thanks to Jerry Fritsch for his encouragement. As many of you know, Jerry, with his connections to the National Center for Nature Photographers in Toledo, organized a showing of several members' nature prints from our Club and the Tri-State club. The display was quit a success. And I think we may get invited back to do another show.

Each year they have a photo contest with nature photographers from all over the country entering. Jerry has been after me to enter the past two years. So this year after having gone up to help set up the clubs display with him and Janet Robinson, I decided I would enter this year. From what I understand there are normally well over a hundred nature photographers who enter and between 600-800 prints submitted. There are several different categories you may enter.

After talking it over with Jerry, I decided to enter three different categories. ( Open Fauna *Animal*, Open Flora *Plant* & People in Nature) Jerry entered (Open Fauna and I think Local Fauna) The judging process takes place the 1<sup>st</sup> week in November. Jerry called me Friday afternoon 11/6/09 excited about the results of the judging. Jerry received the 3<sup>rd</sup> Place Award for Open Fauna. I was honored with the 1<sup>st</sup> Place Award for Open Fauna - 1<sup>st</sup> Place Award for Open Flora & 2<sup>nd</sup> Place Award for People in Nature. I think a pretty good showing from two guys and a small local Cincinnati Photography Club.

So if you get near Toledo take a little time and stop by the National Center for Nature Photography. Our prints along with the other placing photos will be on display until December 20<sup>th</sup> 09. The Center is located in Secor Metropark. <http://www.naturephotocenter.com>

Also, thanks to the club for your support and to John Jackson & Janet Robinson for the use of your large format printers.
